DETAILED ACTION

Response to Arguments

1. Applicant's arguments, see appeal brief filed on May 8, 2007, with respect to the rejection of claims 1-4, 6-9,11-14 under 35 U.S.C. 101 as directed to non-statutory subject matter have been fully considered and are persuasive. The 35 U.S.C. 101 rejection of claims 1-4, 6-9,11-14 has been withdrawn.

EXAMINER'S AMENDMENT

2. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Matthew S. Anderson, Registration Number 39,093 on November 7, 2007.

The application has been amended as follows:

Canceled claims 5,10,15.

In claim 11,

Reasons For Allowance

3. The following is an examiner's statement of reasons for allowance:

Regarding independent claim 1, prior art of record does not teach a method for storing test results in a database, comprising a test result record and a compiled test result record have matching test identifiers and different test result identifiers, then modifying the end build identifier of the compiled test result record and creating a new compiled test result record in the test result database, the new compiled test result record having the same test identifier and test result identifier as the test result record, and having a start build version identifier corresponding to the build version identifier of the test result record.

Regarding independent claim 6, prior art of record does not teach a data processing system having at least a processor and accessible memory, comprising a test result record and a compiled test result record have matching test identifiers and different test result identifiers, then modifying the end build identifier of the compiled test result record and creating a new compiled test result record in the test result database, the new compiled test result record having the same test identifier and test result identifier as the test result record, and having a start build version identifier corresponding to the build version identifier of the test result record.

Art Unit: 2167

Regarding independent claim 11, prior art of record does not teach a computer program product tangibly embodied in a machine-readable storage medium, comprising a test result record and a compiled test result record have matching test identifiers and different test result identifiers, then modifying the end build identifier of the compiled test result record and creating a new compiled test result record in the test result database, the new compiled test result record having the same test identifier and test result identifier as the test result record, and having a start build version identifier corresponding to the build version identifier of the test result record.

- 4. Claims 1-4, 6-9,11-14 are allowed.
- 5. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
